

## Aubricks Weem Bricks - "Edge strip" design in cladding bricks

Less wastages on Materials.

Less wastages on diamond blades.

Less human labour required.

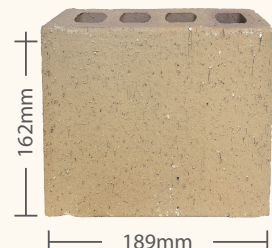

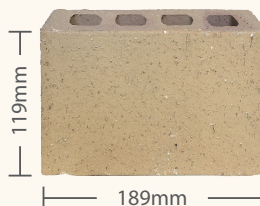

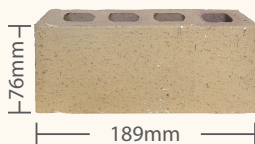

exactly Same as tradtoinal brick claddings looks but more economically and enviromentalty friendly.

**Aubricks Weem brick** is made by same materials and designs as our normal bricks with the only differences being in special sizes. There are: **189\*76\*70**; **189\*119\*70**; **189\*162\*70** available now.

Each one of the size will match our all series of products for closing the edge in an exterior wall (detail refer to drawings).
